

MULTI PURPOSE

LIGHT-DUTY

These breathable nitrile work gloves offer an improved design that delivers up to 30% more breathability. For all day, everyday comfort.

- Ansell ZONZ™ Comfort Fit technology for enhanced fit and improved feel
- More durability vs the original design
- These breathable work gloves benefit from proprietary washing process that efficiently extracts impurities to deliver a cleaner, more comfortable glove
- The improved coating on these breathable nitrile gloves offers improved grip in dry and slightly oily environments along with an extended durability compared to its previous formulation

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Chemical

Applications

- Picking, fastening components
- Adjusting systems and screwing
- Fastening components, parts
- Loading and unloading trucks and vehicles
- Handling incoming goods
- Loading trucks & vehicles
- Product shipping, transport and delivery
- Lock smith

Key Features

- Our legendary first-to-market foam coating provides more breathability that extends workers' comfort. The foam nitrile coating promotes better grip allowing the worker to perform tactile tasks with ease
- Tailored fit at the base of the pinky finger better matches natural hand contours
- Benefits from proprietary washing process that efficiently extracts impurities to deliver a cleaner, more comfortable glove. Independently certified as skinfriendly by the Oeko-Tex testing & certification system
- No transfer of silicone contaminants to metal parts prior to painting
